Dulux Promise Range

Dulux Promise offers a new and exciting range of products. Its technically advanced undercoats & topcoats offer a better & superior finish which keeps your home looking freshly painted for longer.

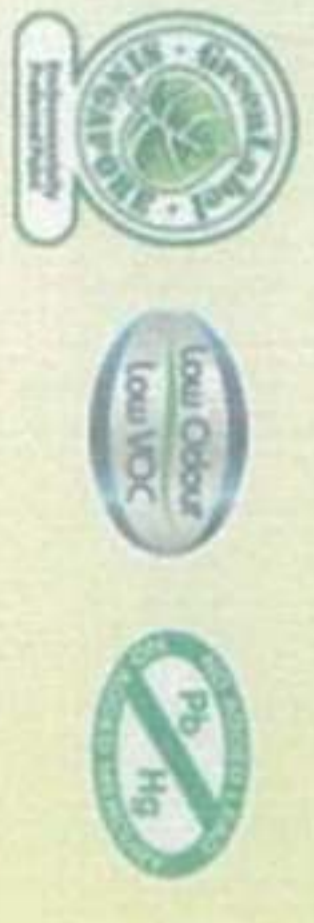

Dulux Promise Interior Emulsion

Dulux Promise Interior is a water based acrylic emulsion paint. Powered with unique Anti-Chalking properties, it prevents the paint film from chalking due to environmental elements.

Dulux Promise Primer

Dulux Promise Primer is a high quality, water-based primer for internal surfaces. Its unique anti-peel formulation ensures superior adhesion for the paint film, thereby resisting peeling or flaking of the topcoat.

Dulux Promise Putty

Dulux Promise Putty is a ready to use filler that has excellent whiteness, coverage and application properties. Its high quality filling properties make it ideal for use on all types of interior masonry surfaces.

Dulux Promise Exterior Emulsion

Dulux Promise Exterior acrylic emulsion is a highly durable, water-based emulsion paint. Its unique Anti-Peel formulation ensures that the paint film remains intact, and its extra coverage formula covers a wider area in the same quantity of paint.

Dulux Promise Enamel

Dulux Promise Gloss Enamel is a high quality enamel paint recommended for Wood, Metal & Trim surfaces. It is especially formulated with Chromabrite technology to give a smooth finish with excellent colours. This enamel paint has excellent drying and gives the surface a beautiful glossy finish.
